From the Regius Professor of Medicine, Oxford.

Dear F.C. (*Shattuck*)

I had forgotten about the Sargent. Sturgis's name is written in my copy, and there is no statement about the author. I hope we may see George as he comes through. Things are, I believe a little quieter in Serbia, but they evidently had a devil of a time there. Love to the family, particularly to George C.

Sincerely yours

Wm Osler.
