Dear L L M

Many thanks for your interesting notes wh. I will put in their proper places. The 'Alle de Wercken' note is much appreciated. The Edition must be very rare I must issue a 2nd Edition of the Servetus, if only to correct the mistake Let me know if letters get thro. to you as there are one or two points I should like to ask you about. Very busy, as you may suppose. Revere is off in France with the McGill Unit I am on the road a great deal. Billy Francis is at Étapes with the McGill Hospital

Yours ever,

Wm Osler
