Dear Mrs. White

We have just said Au revoir to your husband who has been with us since Saturday. The only regret is that you were not with him - He is looking most awfully well and fit. I think he has done everything he wanted to do except go down in a Submarine - & that he cannot accomplish. It has been as good as a play to hear our husbands going for each other & calling each other the most awful names. It is really most refreshing.

I know how happy you will be to see Dr. White safely home. The next time I hope you will come too.

Sir William joins in kind messages to you -

My love to you and your sister Miss Sallie

Sincerely

Grace R. Osler
