

13, Norham Gardens, Oxford.

Dec 16th.

1915?

*J. Williams*  
Dear Williams:

I will let you know later - at present there is the difficulty about registration.

It may be possible to arrange. For the sake of the men it was a great pity the Unit did not come. The Harvard men had a wonderful experience & the Chicago Unit is doing such good work that it has signed in for a year I believe. When one has lived a completely comfortable life to be wet and cold & muddy for weeks at a time tests a fellow's mettle.

They are moving out of the tents which are quite unsuited to the climate. Things are going well here - recruiting in fine form. All the same, get your boats ready. If we go under you come next.

Sincerely yours,  
Wm Osler
