Dear George Cheyne

Welcome back! Come here as soon as you can and for as long as you wish. Bring Cabot and let me know of your plans and I should like to arrange a little luncheon for the Unit one day, and I have promised the staff at the new Military Heart Hospital, Hampstead that I will bring you up to demonstrate the 02.304<sup>M</sup> extension outward of the heart apex- and they are all struggling with your papers which I left with them and wh. I thought A.I.

Wire me when you reach London or call up 206 Oxford.

Yours ever,

Wm. Osler.
