Dearest Gwen

I wish to pay off \$1000 on the mor[t]gage before July 1st.
Please ask Bertram to arrange it with the owner. How much will that leave?
I should like to pay it all off year by year so that you could have the house
free. This would be a great saving.

I hope you are all keeping well - & that the darlings are thriving. See that
little Auntie is made comfortable & do not let her over do her strength. She
is getting on in years. What a devoted woman she has been! The whole family
is in her debt deeply.

Revere is off at Newcastle in the Roy Field Artillery getting his training.
He likes it very much. Campbell Gwyn has just got home for leave - after a
rather hard time. 'Tis a deuce of a mess the world is in. I wish we could
see the end of it. Love to Bea & to little Auntie, & get B. to attend to this
matter at once.

Your affc.

Old Doctor
