Dear Packard,

Thanks for the enclosure from Bulett. I am looking forward to seeing the Solernum book. I have been struggling with the early editions which are very hard to settle. You will be glad to hear that my Harington manuscript turns out to be the original.

All goes well - if we could only have the country run by the soldiers and not be the politicians. We are really waiting for either a Lincoln or a Cromwell.

Sincerely yours,

W^m Osler
