

(Handwriting)

(To Surg. Gen. Wm. C. Gorgas *Wm*)13, Norham Gardens, Oxford.
4th (May, 1916)

Dear Gorgas

Page sent on Lansings cable. I am so glad you have arranged it. I remember Bradley quite well I have asked to be notified at once of their arrival, & I will take them to Keogh, who will make all arrangements They should arrive just in time, as things should begin to get lively by the early summer

Very little disease among the men in France Typhoid has practically disappeared. Much shell-shock & odd nervous conditions.

Your sincerely

Wm Osler
