

(To Sir John Lynn Thomas, Cardiff)

(typewritten)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

May 10, 1916.

Dear Thomas:

Glad to hear the Medical Board is in favour of an outside representative of the profession.

The next time you are at the B.M.A. Library look up the post-graduate scheme worked out in Germany during the last few years. Through such a plan I am sure you could keep the profession throughout the principality in close touch with the Medical School, and it should be part of the scheme with a definite annual appropriation.

Has the hospital ever taken up the maternity question? This, of course will have to be done.

Sincerely yours,

W^m Osler.

P.S. Who are the prosperous pocket and brains Welshmen in the profession in England. We must get them interested.
