Letter (Script)

Dear Archie,

F. & B. arrived and will be deposited in the safe. Have you heard anything definite about the publication? Let me know as I could at any time see them thro' the press, 'Tis a good bit of work which has taken you into many ways of pleasantness. I hope you will get settled comfortably at McGill. Give the boys all my love. Keep an eye on Billy Francis who has a keen literary sense. Have you anything from Singer to do? Is there anything I could send you? Books or literature of any sort.

Yours ever,

Wm. Osler.
