From the Regius Professor of Medicine, Oxford.

June 6, 1916.

Dear Parfitt,

Someone who was here the other day said that you had not been well again. I think it was young Morgan from Toronto. Do let me know how you are and how it fairs with both your darlings.

I wish you were over here bossing the tuberculosis question. We are very busy. I am at the hospitals a great deal.

I enclose a snapshot taken with Arthur Ellis.

Revere is off in the R.F.A. trying to get a training.

Sincerely yours,

(Signed) Wm. Osler.
