Dear Gardner:

So nice to hear from you and have good accounts of you both. We are having an anxious time over here, as you may suppose, and are very busy.

Revere was with the McGill Unit, but has now joined the R.F.A. He has taken to books and literature, which is a great comfort to me, as, considering his parents, it might have been to dice or horse-racing!

Love to you both.

Sincerely yours,

Wm Osler.
