Dear Mr. Cushing:

In clearing out a drawer yesterday I found a letter from W. O. which I thought might interest you and I herewith copy it, omitting certain parts relating to the then recent death of my wife which are too personal for the common eye.

Sincerely yours

Minis Hays-

Dear Minis

+ + + I can never forget her
(to you) inspiring kindness to me during those five
happy years in Philadelphia. + + +

We are rejoiced to hear that Sally is to be
married to such a distinguished man - wish her
every happiness from me. He has been with us for a few
days before leaving for the front. He had a year with the
1st Hill unit in France, but he felt that he should be in the
fighting line & joined the Royal Field Artillery. We shall

of course be terribly anxious, but he has to take his
chances with the stars

Love to you all

Yours ever

Wm. O'Brien "
