Letter (Script)

Dear Archie,

Tell Clay and Sons to send me the proofs too. I should like to look them over, as my old eye might light on a mistake or two. I saw them ~~Mr. Cust~~ the other day very pleased with your joint papers. All goes well the ancient vestal has practically finished the Incunabula list and now there only remains the illustrations and the completion of the text. Revere is in the 11th. Div. Ammnit. Column struggling with mules and mud. He writes most entertaining letters. Much worried over the Jones row. He has been treated damned badly. I have resigned my consulting positions in protest and have washed my hands of the whole business. J. has been recalled. He would not allow me to send a cable of protest which I had prepared to the profession and public of Canada.

Greetings to you all.

Yours ever,  
Wm. Osler.

Miss Welcox
