W.O. to J. George Adami.
22nd. (November 1916)

(hand-written)

Dear Adami,

So sad to hear that L.M.C. is so low*. Poor dear! If conscious give her my love. We are rejoicing in the C.A.M.C. changes. Perley has appointed a new commission, in which I was sorry not to be able to serve. I hope justice will be done to Jones. Bruce I hear is to go home. A great feeling of relief that the country is free at last of that bombastic bounder, Sam Hughes. Lady Drummond's joy you can imagine. Revere has been in this Ancre push with his battery.

Love to you all,

Yours ever,

Wm. Osler.

I sent a cable to the Star as I heard so many rumours about my action from Canada.
