Dear Pleadwell

I know Bastianelli very well - an A.I. man. It would be well to get into touch with him at once. He is really the best Surgeon in Italy & know all our mutual friends in the U.S. I enclose a letter to him. They could find out for you at the Am. Emb Rome where he is. I forget his initial - the bro. is a pathologist. There is an Anglo-Italian unit somewhere in charge of my friend Bovell of Rome. whom greet if you meet. Heavens! how I wish I could go with you. Love to the Army Colleagues & best wishes for 1917.

Yours.
