Dear Harold,

What an Angel - to send two editions so much needed! They arrived four days ago & your letter only this morning. My Holmes collection is growing.

So glad to hear that you have married again - give my love to your wife & to the babies. I am so glad too to hear of yours mothers better health. These must be trying days for her. Give her my love & best wishes. All well here but we are naturally very anxious as Revere is on the Ancre in the midst of all this fighting. With many thanks

Sincerely yours
