Letter (Typewritten)

26 March 1917.

Dear Archie,

I have sent copies to Moore, the College of Physicians, and the Royal Society of Medicine. I see that you have sent a copy to Shipley, and to the Library at Christ Church. I had intended to send to Shipley. I am writing to tell him to have it bound specially and to let me have the bill.

All goes well. Norman has just arrived. Good new from Revere.

Sincerely Yours,

Wm. Osler.
