

Dear McGuire:

Thanks for your kind thought of me in sending "As a Man Thinketh ", into which I have dipped with great interest.

I hope all goes well with you and yours. We were so disappointed not to see Stuart when he was over. I have been much tied in duties of all sorts and often hard driven, but I have now gotten things in better shape.

Our boy, Revere, is with his Battery on the Ancre, hard at it, as he should be. He keeps well and is with a splendid set of men. Of course it keeps us very anxious.

With love to you all from us both,

1916

Ever yours,
(signed) Wm. Osler.
