

W.O., to Mrs. Singer.

27.5.17.

13 Norham Gardens,
Oxford.

So glad to hear of the new student - who might make us a list of the lacunae in Physics and Chemistry. I return on Saturday. I hope you had my letter of two days ago. I fear I sent it 23 Polstead Rd.

Wm. Osler.

From Mrs. Singer.

This refers to Mr. R. Whympers who was under treatment at the military hospital in Oxford during part of 1917 and was particularly interested in the physical section of the History of Science Room in the Radcliffe Camera.
