

CUS417/123.118

To Leonard Mackall.

June (1917)

Sir:

13, NORHAM GARDENS,
OXFORD.

Sir William Osler will be much obliged if you can tell him if the contents of Maupertuisiana, Hambourg, 1753, 80 are reprints of tracts issued elsewhere. You are doubtless aware that Voltaires Diatribe, under the pseudonym of Dr. Akakia, is in this volume. (Rome 1753 16)
Any information you can furnish would be of interest.

Yours faithfully,

J. F. Willecock.

Please reply to Sir Wm. Osler.
