

(Letter to Sir John W. Moore)
Dublin
(typewritten)

OXFORD

7th August 1917.

Dear Moore,

So sorry your son did not let me know his relationship. I will send copies of the Address which I do not think would be at all suitable for your Journal. 'Tis purely educational, not medical.

I am grieved to hear that you have lost the boy. How terribly the Profession has suffered in this War. Our boy is in the thick of it in France in the R.F.A.

Ever yours,

WM OSLER
