OXFORD

Dear Miss MacCaskill

So sorry to hear that you are still below par. I have just had a letter from Col Maurice who regrets that your health does not seem up to the duties of an active nurse. Do you think an Anesthesia job would be better? perhaps Dr. Penhallow could take you at the American Hospital, Paignton; tho, as you know there is some opposition in this country to nurses giving anesthetics

Sincerely yours

WM OSLER
