Dear Darrach

A thousand thanks for all you did for  
my dear boy! It is the one bright spot in the  
calamity that all you good fellows were with him,  
that everything possible was done to save him.  
I hope some day to be able to thank you in person.

Sincerely yours

Wm Osler. "

C'est tout.

A gorgeous summer to you all and  
a restful one.

I am going to see what dope I can get  
on the continent & England for our new project  
& also incidentally to take France & Bill for one  
some of the old routes.

A toi

Bill Darrach.
