

From Dr. Malloch's Journal  
Thursday, Sept. 5, 1917.

Bill came back. Says Sir Wm. and Lady O. are wonderful. The day the news came he talked with a man about the Roy. Comm. for Welsh Educ. and even asked the man for lunch.

Rosenbaum?

She says a Frenchman had an appointment - a Swiss dentist of Paris, who was staying at Empress Eugenie - was one the very first Paris dealt. Wanted him not to come, did not get message. Man appeared at 11. W.O. saw him talked an hour - sent him off with Benning - came back for lunch. W.O. gave man turned a Paris - talked about Clemenceau & Empress Eugenie - man never turned a Paris - requests a sample of gentle breeding all sorts -
