Oct. 8 1917

NOTES IN BOOKS.

Cf. 10th letter

Tractatus de Pestilentiali etc.

W.O.'s notes at end:-

Bt. Quaritch,
8.x.17, £9.

No. 7 in Sudhoff's articles on the Tractate. P. 14 of Graphische und typographische Erstlinge de Syphilis literatur aus dem Jahren 1495 und 1496. München. 1912.

The original appeared at Augsburg in Latin, Hans Schauer, who also printed a German translation. Two editions appeared in Nürnberg the same year 1496, one in Latin and one in German, an edition in Koln, and this one in Leipzig.

(Latin)

Booksellers' notes:-

Very rare tract on Syphilis.

Very slightly defective otherwise perfect.

Bernard Quaritch.

F.S. Ferguson.

This very early and rare tract on Syphilis was printed by Gregorius Bötticher of Leipsig who began to print in 1492. Only 18 works are noted by Proctor. This is his 3019 - printed between 1496 and 1500, Hain 5093.

[Supra supra Bötticher after 1500. 1496.]
