Dearest Bill,

Delighted to hear from Colin Russel that you are in such good form and that your work is spoken of as the best of its kind on the coast.

We are very busy. & keeping up our courage but the ache in the heart is very heavy. I cannot bear to look at the dear laddie's books which he loved so dearly.

I have got the trust arranged at the Toronto Gen. Trust Co. The interest can accumulate for a while at least. I will show you the form the next time you come over. I hope you are investing any of your savings.

Love to Archie. I hope he got the Lancet with the reference in the Harveian Oration to Finch & Baines.

Yours,

W.O.
