Dear Gunther

Thanks for the most interesting paper. The picture is of exceptional historical value from a sanitary point of view

Could not Robinson begin at once with the photographs? I forget whether Ch.Ch. has voted anything directly for the cost - let me know. Magdalen & the Bodleian & Merton should come in.

Could you give us a 'talk' in May <sup>30</sup> & show what pictures you could get? Come in for tea on Saturday if free 4--.

Sincerely yours

W<sup>m</sup> Osler
