It was myself, Andy, that was glad to see that dear old mug of yours with the same old Rabelaisien smile, just ready for a joke as usual! Those were great old days at the M. G. H. Hell has broke loose now, but we shall hope for a new heaven & a new earth after the Germans have been smashed - which is going to take time & all Uncle Sam can do to help. We are hard hit - I forget whether you ^{even} saw our boy. Poor laddie! I wish I could have gone in his stead. I have had a good innings. Love to you all.

Ever your old friend
