Dear Adami,

I was so glad to see Rhea looking well and in such good spirits. I have written to Finley about him. I suppose after a rest of a few weeks he should take a 'cure' in some good sanatorium. I did not bother him with details at this stage. We could easily get him into Nordrach-on-Dee (?), which is A.1, or he might prefer to go to St. Agathe.

Love to Isabel.

Yours sincerely,

Wm. Osler.
