(hand-written)

Dear Adami,

So sorry to have missed you. Pinewood is a delightful spot and the rest in the open would do him good - but of course he should get somewhere for a prolonged 'cure' - whether in this country or Canada might be left to him. We should be glad to have him here at any time. We go on the 24th for a few weeks to Sidmouth.

Yours sincerely,
Wm. Osler.
