Dear Parfitt

Such a pleasure to read your report and to know that all goes well with Calydor. Love to your two girls. How I wish I could see you all. A three months 'cure' in Muskoka would renew my youth.

We have a deuce of a life here - so much on hand always and so many coming and going. I never seem to get time for any work.

Send me a snap-shot of yourself and your darlings.

Ever yours,

Wm. Osler.
