(hand-written)

Dear Adami,

Congratulations and thanks!\* I am so glad that you took the trouble to put your contributions together in this way - in massed formation! It is just the volume I lacked in the evolution section of my bibliotheca prima. You will be in most select company. 'Tis a handsome volume and, as usual with Clark, very well printed. We go to Sidmouth next Wednesday. I will look up Isabel at once. I hope she is quite well again.

Has Rhea gone to the Sanatorium?

Yours ever,  
Wm. Osler.

J.G.A. \*For my 'Medical Contributions to the Study of Evolution'.
