(To Lt. Col. Sir Leonard Rogers, I.M.S)

13, Norham Gardens, Oxford,
May 1st, (1918)

Dear Rogers

I expect Allbutt did the job for you on the Council of the Royal, as the pressure from the Chemists & physiologists is so great that physicians, no matter how distinguished, have very little luck. Congratulations on the new Hospital - shall be so glad to see the plans Very full of work here. The Dysentery & Typhoids have disappeared. - much trench nephritis and the nervous manifestations are remarkable. I will send you a list by Hoernle - the leading authority on Indian Medicine - of old books & Mss. Shall be glad to pay reasonable prices

Sincerely yours

W^m Osler.
