Dear Robin

We are so delighted to have Hampton with us. What a splendid boy! We just love to have him here & he came just in time to have a mild dose of flu, which is all prevalent. He is an A.1. fellow & what good work he seems to have done. We have told him to make this house his home & to come back whenever he can.

My love to you all - particularly to Philip-ip-ip-ip!

[his long time past
depression of mind of Robb
children]

All well - except for the aching hearts.

Yours ever
