Dear W. Radin.

I have not finished my Boerhaave notes. - Will send them when printed. My "Evolution of Mod. Medicine" was withdrawn from Press. I found there was much more than I had covered in my Silliman lectures & hoped to be able to get at it but the war has upset everything & I have had no time. I am sure I shall read your article in Pickwick with interest.

I am sending you a few papers. Should you come over let me know. It would be such a pleasure to see.

Sincerely yours,

J. M. Ash.

---

note. - My Pickwick article was the one on him, though I had not told him so then.
