My dear Osler,

I am in receipt of your letter of July 22nd and am interested in what you state. I agree with you in regard to your comments on the typhoid and hope that it is the last trouble that we shall have.

I am glad that things are going along as well as they are and hope in the course of time I may be able to see you and have a personal talk with you.

With best wishes, I am

Sincerely yours,

W. C. Gorgas.
