Dear Mackall:

Tom Boggs and I had many talks about you during his recent visit. I was so glad to hear of the good work you are doing. Do let me know at any time if I could be of service in looking out any books or manuscripts.

My library continues to grow and I am trying to get a proper Catalogue. I wish you were near at hand to advise. If not on right, at any rate my scheme will be on interesting lines. I have divided the library into seven groups - Prima, Secunda, Historica, Biographica, Bibliographica, Incunabula and Manuscripts. Sayle, of the Cambridge Library, thinks it will be feasible, but, of course, in a published Catalogue there will have to be a very complete index.

Ferguson's B- C- was published by the Young Trustees. I think I could get you a copy if you wish - let me know.

Billy F. is well and still at No. 3 Canadian General, Boulogne.

Very sincerely yours,

W^m Osler.
