Dear Bill,

Gordon Holmes wrote a nice letter urging that you should have a transfer to England. I hope they may be able to arrange it at once. I wrote to Colonel Chisholm. It would be so nice if you got a comfortable billet over here, away from the worry of bombs & too much business.

We had ten days with the families at Lyme Regis and are now enjoying a little peace at home. Sister\* has a little girl & has done well. Wire, if you can, when we are to expect you.

Love to Archie,

Yours,

W.
