Letter (Script)

7. 10. 18.

Dear Archie,

Delighted with your "Turned Soldier" (wh. came this a.m.) paper very well written and full of human interest. Shall I send in the Magazine or have you a copy. I should like a separate one to go after F. & B. in the Bib. Lit. We are deep in a heavy epidemic and I am busy prac. med. helping Collier and others with the doctors families. McDougall's child has been very ill. Endo peri pleuritis etc. The Singers are down — now better — and many others. Bill is at Bd. work in town.

Finished the Gun Patin cards last eve. Wonderful old rascal. I think the circulation cards would be worth printing separately as a trial.

Yours,  
W. O.
