

Letters to Mrs. Grace W. Myers, Librarian of Treadwell Library,
Massachusetts General Hospital.

Dear Mrs. Myers

Oxford, 12.iii.17

You should have the Brit. Ency. article by Simpson. I will order it for you - the vol. of the 1854 ed. & cut it out. I paid only a few shillings for the vol.

Have you Dana article making up one no. of Littell's Living Age; excellent; March, 1848. "The Account" by Simpson, 1847, which you have is my only important duplicate. I lack the Morton & Wells original pamphlets, and H. J. Bigelow's papers. Should be glad of any of these. If you have not the Littell, I can send you a copy.

So glad you have got well housed. How pleased you must be. You deserve it, too, after all you have done for the Library. (Refers to the new Treadwell Library).

Yours sincerely,
Wm. Osler.
