

(Handwriting)

(To Hon. Featherston Osler)

Dear Fenn

13, Norham Gardens, Oxford,
[Postmarked Oct. 30, 1918]

I have written asking the Trust Co. to hand over to the Johns Hopkins University Baltimore, the funds standing in my name.

As a memorial to Revere we are giving the University his collection of books, to which I will add the special works on English literature from my library. We are asking them to found for the students in the English literature department a Tudor & Stuart Club, as these were the periods in which Revere was specially interested.

My medical & scientific books are to go to McGill. Love to you all.

Your affec bro

W^m Osler

I see Frank & Belle occasionally - both very well. F. doing such good work at the Red +.
