(Letter to Richard P. Strong)  
(handwriting)

13, NORHAM GARDENS,  
OXFORD.

18.XI.18.

Dear Strong

My flu was an abortive form & I was about in a couple of days. We have had it hot here - the young particularly hard hit Thayer & Longcope have been with us this week end. T. was full of praise of your liaison work between the french & Americans, Love to you both.

Yours ever
