From the Regius Professor of Medicine, Oxford.

26. XII. 18

Dear Dr Croxley

Greetings — cardiac —

1) The Ann. Who & Who has all the essential data — which your secretary can copy — I have added in the circular a few others.

2) You may <sup>also</sup> like to add the following: — "I look back with rare pleasure to my term of service at Wrothly — 1885 — 89. My appointment I owe to Dr Pepper. His wards were always full of interesting cases, and my

literary output, while in Philadelphia, came very largely from the Phila. Hospital service. The Malaria & pneumonia was of special value. I had the best & kindest of colleagues, Tyson, Owen, Mussen, Hughes & others. With peculiar pleasure too I look back on ~~my~~ association with a group of: Men & intelligent Residents, and with Miss Fisher & Miss Turner, in the recently established Training School for Nurses: In must I forget dear old Owen, on the Medical floor, with his Hippocratic gift of prognosis from an.

William Osler
