

(From Miss Smart's notebook)

(To Dr. Thompson)

Jan. 31, 1919

Dear Thompson,

Jan. 31.

CUS 917/127.41

The enclosed will be an interesting addition to your
re Jenner collection; the letter is from Dr. Waterhouse of Boston,
sometimes called the American Jenner, as he introduced vaccination
Jenner into the U.S. By it and by Dr. Lyman Spalding's reply you will
see that they tried to make it a commercial affair - this I did
not know.
