Dear Wenckeback,

Food
condi-
tions
in
Vienna.

Lord Parmoor's Government Committee is anxious to have firsthand information with reference to the food conditions in Vienna, particularly among the poor. Could you let me have as soon as possible your impressions. The people in this country are most anxious to do everything possible to relieve the suffering in V. which they fear must be very severe. . . . Do let me know should you ever get back to your native country - I should like so much to visit Holland in the Spring.
