To Prof. W.L. Williams, Veterinary Coll., N.Y. ^{March 5} CU5417/127 145
Thank you so much for the book which I have looked over with
great interest. I am sure it should be a success. (Veterinary
Obstetrics). I look back with much pleasure on the old days I
spent at Montreal. I hear from MacEachern occasionally -
he still seems active and hard at work.
