M.L. Raney, Esq., Johns Hopkins Univ. Library.

I am glad to see by the President's report just received that you are back again. I tried to get in touch with you through MacAlister, but feel that I should like to consult you personally about the Tudor and Stuart Club and Library. I suppose that I could have it done here and it would be a legitimate first charge on the income. You understand that my literary books - Shelleys, Miltons, Fullers are to be included. I hope you like the scheme which is of course open to any modifications by the Committee.
