W.O.'s letter to John Guppy, John Ryland's Library, Manchester.

Dear Guppy,

I enclose you a letter from Colonel Jenner. The cases will go next week - please have the padlocks returned to him. If one of your secretaries could indicate the desiderata in the British scientific journals, I could have the list published in the Lancet and B.M.J. asking to have the lacking numbers sent to you.

To the same from W.O.
