April 14.

Mrs. Myers, Mass. Gen. Hosp.

Letheon
biblio-
graphy.

I wish you would look up Letheon bibliography. It was advertised in the Boston Med. and Surg. Jr dated Nov. 26 as a general circular. It would be interesting ~~its~~-gradual to trace its gradual development into the 88 page pamphlet of the 5th edition; possibly there are other editions too. My greetings to the Library Association, and best wishes for a successful meeting.
